INTERNAL BRANDING

Trending.....

Many Medical Centers / GP Clinics are recognising the benefit of creating a clean, bright, modern space where patients feel comfortable with access to relevant health information. An element of adult entertainment in the form of a screen along with a kids play area are always well received. Zones where signage can be used:

- ***Reception Area***
- ***Waiting Room***
- ***Consultation Rooms***

  Signage offers an inexpensive way to update an interior space
- ***Wall Prints*** ***Acrylic Plaque with Services Listed***
- ***Branded Leaflet Holders for Health Info*** ***Door/Directional Signs***
- ***Digital Screen In The Waiting Area***

They promote the services available while ensuring key information such as the clinic name, opening hours and most importantly way finding is visible and easily legible for all patients.
